

Descrizione del prodotto:

Collezione di lampade formate da una lastra di metallo verniciato in diverse finiture. Le quattro misure disponibili (40, 50, 60, 70) possono essere utilizzate singole oppure montate ed unite fra di loro mediante dei kit meccanici ed elettrici inclusi in tutte le confezioni. In questo modo si ha la possibilità di creare infinite combinazioni geometriche e cromatiche.

Il punto di forza del prodotto consiste nel non utilizzare dei led integrati ma una lampadina 2G11 che è alloggiata dietro ad una lastra di metacrilato opale e può essere facilmente sostituita.

I prodotti vengono forniti senza lampadine Led 2G11.

Le lampadine che andranno ordinate separatamente sono:

2G11 10w-C 950 lm 3000°K
